Hearts, Stars & a Full Moon Over Miami

The second annual **Hearts & Stars Gala** took place under a full moon over Miami on Hibiscus Island at Shangri La, the waterfront home of gracious host, George Wallner. This event benefits **The Little Lighthouse Foundation** which assists children in need in South Florida. The event was hosted by local personality, Buster and Miss Denmark 2010, Natalia Averina. Rob Sena, RS Schmitt and Aaron Resnick were the event co-chairs.

Guests were kept in good spirits throughout the night by cocktails courtesy of Grey Goose vodka. Live entertainment was provided on the big stage by singer, Shelly Re-

nee and Agape with Nadia Harris. Live and silent auction items along with ticket sales from the 800 guests in attendance helped generate well over \$100,000 for the charity.

When the Martini & Rossi Prosecco ran out, host Wallner was generous enough to go into his private stash and start serving his Veuve Cliquot in the kitchen. So the babes were kept happy sipping champagne into the wee hours of the night.

A full moon, amazing people and a fantastic place all make for another great Miami night out, all for a good cause!
